Data on states, congressional districts, and counties: EveryStat.org

SOURCES:

Gun deaths: CDC, WONDER, four-year average: 2018–2021.

Gun violence trends: CDC, WONDER, 2012-2021.

Gun injuries: Ted R. Miller, David Swedler, and Kate Schnippel analysis of HCUP nonfatal injury: 2019.

Cost of gun violence: Ted R. Miller and Bruce Lawrence analysis of CDC fatal injury: 2019 and HCUP nonfatal injury: 2019.

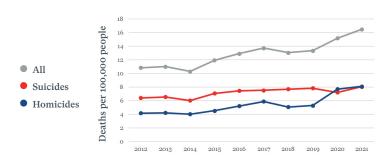

Rankings are based on the 50 states and Washington, DC, with first being highest, 51st lowest. Death and injury rankings are based on rates, economic cost rankings are based on average societal per-resident cost. Overall state gun violence rankings are calculated by adding count of gun deaths plus count of nonfatal gun injuries divided by population.

Totals do not always sum to 100% due to rounding.
