Note: Gun violence data on EveryStat and in this fact sheet includes individuals who die by guns or are wounded by guns and visit a hospital for care. We recognize that the impact of gun violence extends far beyond those who are killed or physically injured. However, data on those who witness an act of gun violence, are threatened with a gun, or know or care for someone wounded or killed is not systematically collected at this time.

Did You Know?

American Indians and Alaska Natives make up 9% of the population in South Dakota yet they make up 36% of the state's gun homicides.
